

Transition Habitat Conservancy Purchases Land

Monday September 21, 2009- Press Release

Pinon Hill, CA 92372

Congratulations to all of you who made this possible! Monday Transition Habitat Conservancy closed on 2 parcels of land in their Pinon Hills project. 4 acres have been secured for the open space park at the cost of \$7,500. One parcel is near the NE corner of the project area and one parcel is on top of the highest peak in Pinon Hills, in the southern part of the project. These parcels were funded by donations from the community residents, fundraising events including the Red Mango quarterly dinners, the Garden Party held in May and from all of our supporters who have worked so hard to make this happen.

**Eventually many parcels will be added to create a public park where you and your family can hike, ride your horses and see our fantastic wildlife in its natural habitat- and where it belongs, in the wild!
For more information see our web site at www.TransitionHabitat.org**
